# MEET GALAXY

## THE FIRST OF THE SUMMIT SEATING FAMILY

With its revolutionary 'live-back' technology, the Galaxy Chair moves with you and for you. As you lean back into the chair will notice the Galaxy feels different, it works for you.

Maintaining a good, flexible posture is essential to leading a healthy lifestyle and the Galaxy chair is an advocate for both. The combination of high quality materials, expert engineering and exceptional functionality in performance makes Galaxy the chair you will choose for your everyday needs.

The Galaxy is tested and certified to ANSI/BIFMA X5.1-2011, ensuring that you are guaranteed 100% peace of mind with your chair.

Height adjustable arms

'Live-back' technology

Soft rubber, non-marking castors
